

## Ansell 92-600 TouchNTuff® Disposable Gloves

### Proven splash resistance against hazardous chemicals

As compared to any other nitrile disposable gloves, these TouchNTuff® gloves resist a wide variety of industrial chemicals for longer periods. Manufactured from nitrile, the puncture resistance of these gloves is four times more than similar natural rubber latex gloves. These gloves have three times the puncture resistance of similar neoprene gloves. As no natural rubber proteins are present in these gloves, the wearer has lower risks of being affected by Type I allergies or dermatitis. The Thin Nitrile Technology used in these gloves encourages easy donning and strong grip in both wet and dry conditions

### OUTSTANDING CHEMICAL RESISTANCE

Further testing of the TouchNTuff® by a certified body on an even wider range of chemicals confirms that it resists a greater variety of industrial chemicals for longer periods than any other nitrile disposable gloves.

### EXCELLENT PUNCTURE RESISTANCE

Manufactured from nitrile, TouchNTuff® offers up to four times the puncture resistance of comparable natural-latex gloves, and three times the resistance of similar neoprene gloves.

### PREVENTION FROM TYPE I ALLERGY

It contains no natural rubber proteins, which prevents from Type I allergies for the wearer. Primary skin irritation studies and Insult Patch tests have also shown no evidence of risk from irritation or allergic contact dermatitis.

### EASY DONNING AND STRONG GRIP

With a unique “Thin Nitrile Technology” formulation, this glove offers easy donning and strong grip in wet or dry conditions. The glove is highly versatile and suitable for many different uses.

### INSPECTED ACCORDING MEDICAL REQUIREMENTS

Inspected to an AQL of 1.5 for pinholes, which matches the legal requirements for medical gloves

### Product Specifications

Material	Nitrile	Cuff style	Rolled beaded
Colour	Green	AQL	4.0
Powder free	Yes	Size	S,M,L,XL
Length mm	240 mm, 9.5"	Palm Thickness	0.12 mm / 4.7 mil
Finger Thickness	0.14 mm / 5.5 mil	Shape	Ambidextrous
Glove Interior	Powder-Free, Chlorinated	Glove Exterior	Smooth Grip
Tensile Strength Before Ageing	14	Tensile Strength After Ageing	14
Elasticity / Elongation Before Ageing	500	Elasticity / Elongation After Ageing	400

### PACKAGING SPECIFICATIONS

100 gloves in a box; 10 boxes in a carton
