

EASY GLASS SMART Unbeatable ease of installation

Easy Glass SMART Fascia Mount Frameless Glass Balustrade

Installation Type: Base shoe, Fascia Mount (inside fixing, mounting)

Suitable for: Indoor and outdoor

Application: Stairs and balustrades

Material: Brushed aluminium

Length: 2500 / 5000mm

Easy Glass® Smart is a glass railing revolution. Complicated anchoring systems are a thing of the past. With a host of innovative features, including the Q-disc® System for glass mounting, Easy Glass® Smart lets you carry out installation or removal in a quick, intuitive and controlled fashion. In fact, those jobs can be finished faster than with any other quality glass railing. And it's just one way this highly economical system will save you money.

- Symmetrical top-mount base shoe
- Light and medium use railings for indoor and outdoor settings
- Minimal use of anchors in base shoe installation
- A choice of fixing methods: hexagon bolts, mechanical anchors or stud anchors
- Easy to work on with the tools supplied
- Optional aluminium shoe shims available for levelling uneven surfaces

Cap/hand Rail
Available to buy separately

Q-Disc & Rubber Inserts Kit

Fascia Mount Base Channel

Fixing Materials/Bolts
are available & sold separately

How it works:

VSG (2x ESG): Laminated glass from toughened glass
ESG: Toughened glass
