

# EASY GLASS SMART Unbeatable ease of installation

## Easy Glass SMART Top Mount Frameless Glass Balustrade

**Installation Type:** Base shoe, Top Mount  
(inside fixing, mounting)

**Suitable for:** Indoor and outdoor

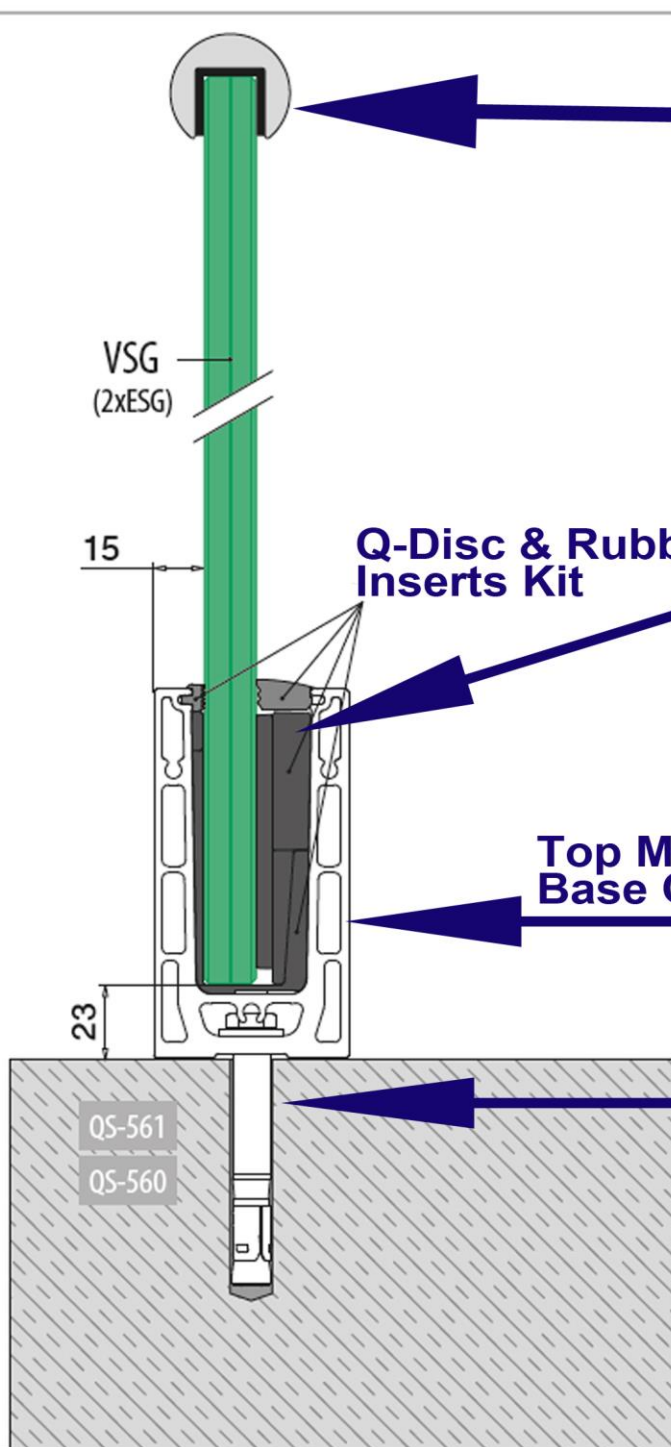

**Application:** Stairs and balustrades

**Material:** Brushed aluminium

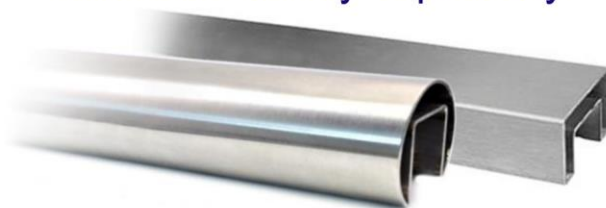

**Length:** 2500 / 5000mm

Easy Glass® Smart is a glass railing revolution. Complicated anchoring systems are a thing of the past. With a host of innovative features, including the Q-disc® System for glass mounting, Easy Glass® Smart lets you carry out installation or removal in a quick, intuitive and controlled fashion. In fact, those jobs can be finished faster than with any other quality glass railing. And it's just one way this highly economical system will save you money.

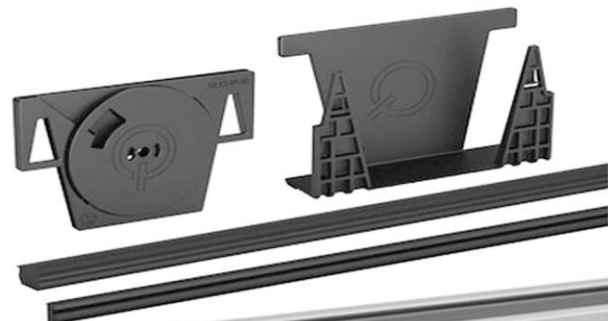

- Symmetrical top-mount base shoe
- Light and medium use railings for indoor and outdoor settings
- Minimal use of anchors in base shoe installation
- A choice of fixing methods: hexagon bolts, mechanical anchors or stud anchors
- Easy to work on with the tools supplied
- Optional aluminium shoe shims available for levelling uneven surfaces

**Cap/hand Rail**  
Available to buy separately

**Q-Disc & Rubber Inserts Kit**
