

PowerGrab® KEV

Protection with Kevlar®

DESCRIPTION

PowerGrab® KEV is a combination of 100% Kevlar fiber and PowerGrab® technology, promising the outstanding cut resistance and excellent grip performance. Just like other PowerGrab® series, the thumb of PowerGrab® KEV is fully coated for protecting the vulnerable area. Unique rough and crinkle finish coating provides confidence in grip performance.

FEATURE

Leaching

Proteins, chemical substances, and odor are leached from PowerGrab series to minimize allergic reactions.

Cut Resistance

PowerGrab® KEV together with Kevlar, a choice for bullet resistant vests, offers the high cut resistant protection available in CE standard.

Safety

Extra coating of thumb area assures the most important aspect, safety.

Grip Performance

Crinkle finish and specially formulated latex guarantee wet and dry handling.

Comfort

A 10-gauge seamless liner and ergonomic design assure a maximum comfort and minimum hand fatigue.

TECHNOLOGY

PowerGrab's unique crinkle finish provides superior wet and dry grip that is unsurpassed.

APPLICATIONS

- Building & Construction
- Canning
- Glass Handling
- Sheet Metal Handling
- Timber Handling

PRODUCT

Material	Latex		
Size	7/S - 11/XXL		
Liner	10-Gauge Seamless Kevlar®
