## kit PIUMA

Sistema scorrevole per box doccia, di design essenziale, linee estetiche pulite, trasparenza ed eleganza. Caratteristica peculiare di Piuma è l'estrema funzionalità: la distanza tra il vetro scorrevole e quello fisso è infatti ridotta al minimo. Piuma si distingue inoltre per la robustezza: dimensioni e pesi non rappresentano più un limite in quanto il kit può sopportare dimensioni e luci vetri molto ampie senza alcun problema di peso o flessione. È adatto a box doccia con spazio di passaggio fino a 85 cm.

Sistema corredero para ducha, de diseño esencial, líneas estéticas limpias, transparencia y elegancia. Una característica especial del Piuma System es su funcionalidad: se reduce al mínimo la distancia entre el fijo y la puerta. Piuma System se distingue por su robustez: dimensiones y pesos ya no representan un problema ya que el kit puede soportar tamaño y peso del vidrio sin ningún problema de peso o de flexión. Adapto a mamparas de baño con un espacio de entrada de 85cm.

Sliding system for shower boxes, simple design, clean aesthetic lines, transparency and elegance. A peculiar characteristic of Piuma is its extreme functionality: the distance between the sliding door and the fixed glazing is reduced to a minimum. Piuma is also robust: dimensions and

weights are no longer a limit because the set can bear large glass sizes without any weight or bending problems. It is suitable for showers with a passage space of up to 85cm.

Schiebetürsystem für Duschkabinen, minimalistischen Designs, klaren ästhetischen Linien, Transparenz und Eleganz. Das charakteristische Merkmal von Piuma ist die extreme Funktionalität: der Abstand zwischen Schiebeflügel und Seitenteil ist auf ein Minimum reduziert. Piuma kennzeichnet sich ferner durch seine Stabilität, so dass größere Flügelabmessungen und Gewichte ohne Durchbiegungsprobleme eingesetzt werden können. Es eignet sich für Duschkabine mit einer Durchgangsbreite bis zu 85 cm.

Un système coulissant pour cabine de douche, au design simple et aux lignes esthétiques et épurées mêlant transparence et élégance. Une particularité du système Piuma est son extrême étanchéité : la distance entre la porte coulissante et le panneau en verre fixe est réduite à son minimum. Piuma se distingue également par sa robustesse : les dimensions et le poids ne sont désormais plus une limite car le kit peut supporter des panneaux en verre large sans aucun problème de poids ni de courbure. Il convient aux cabines de douche avec un espace de passage jusqu'à 85 cm.

## PIUMA system

• Kit Piuma versione ad angolo. Per piatti doccia da 780x780mm fino a 1800x1000mm.

• Kit Piuma en ángulo. Para plato de ducha de 780x780mm hasta 1800x1000mm.

• Piuma corner set. Shower tray size 780x780mm up to 1800x1000mm.

• Beschlagset Piuma für Eckdusche mit Wannenabmessung 780x780mm-1800x1000mm.

• Kit d'angle Piuma. Pour porte de douche de 780x780mm à 1800x1000mm.

L1xL2 min = 780x780mm  
L1xL2 max = 1800x1000mm  
L1 x L2 > 1800x1000mm (CUSTOM)
