

EVO Lite®

THE **LIGHTEST** SAFETY HELMET AVAILABLE IN THE UK

OXFORD, ENGLAND

The EVO Lite® is extremely lightweight, weighing in at under 300g, around 20% lighter than a standard safety helmet. The low weight coupled with the new supreme comfort harness and unique 1-2-3 point rear harness depth settings ensure a perfect, comfortable fit for all head sizes. Performing above the EN397 standard thanks to its ABS lightweight shell and cutting edge design developed by the JSP R&D team responsible for EVO8® the world's strongest industrial safety helmet.

1 Supreme Comfort

Weighing just 300g with a 6 point Terylene cradle harness system offering unrivalled comfort without compromising performance.

2 Deluxe Sweatband

Egyptian cotton core with porous PU coating for maximum sweat absorption. PH neutral, dermatologically tested.

3 Precision Fitting

Never before has such a precise fit been attainable on an industrial safety helmet, using the unique 1-2-3 point harness depth settings - 1 for smaller heads, 2 for medium size heads, 3 for large size heads.

4 Universal Accessories Slots

Enables firm fitting of a range of 'Surefit™' safety visors, and ear defenders.

5 Ventilation Option

Side and rear ventilation for optimum air movement inside the shell, reducing helmet temperatures by an average 2-3 degrees.

6 Branding

Our largest logo print area yet! Increasing brand and workforce recognition.
