

GLASS CLEANER

Version No.2

Revision Date: 31/03/09

Page 1 of 1

DESCRIPTION

High quality professional cleaner for glass surfaces.

KEY FEATURES

Ready to use high quality cleaner with a special non-smear formula.

The preferred choice of many professional glaziers.

Gives a sparkling finish within seconds and removes even the most ingrained dirt.

1 litre bottle is supplied with a spray applicator.

USES

A ready to use cleaning agent for all glass and mirrors.

APPLICATION

PROPERTIES

Application temperature range: +5°C to +30°C

Shelf life: 12 months when stored in original packaging in cool, dry conditions away from direct sunlight.

INSTRUCTIONS

Application: Spray glass cleaner onto glass and using a clean cloth, rub over the surface of the glass to remove most of the dirt. Using a second cloth, polish the surface of the glass. It may be necessary to repeat the procedure on very dirty glass.

PACKAGING

1 litre spray bottles – 12 per carton.

25 litre (includes tap) sold individually.

GENERAL

Glass Cleaner is part of a full range of cleaning products, tools and consumables for the Glass & Glazing market. For further information please contact our Customer Care Team or visit our Website.

The information given in this product data sheet is based on laboratory tests and experience which we believe to be correct. Properties quoted are typical and do not therefore constitute a specification. In view of the wide range and variability of substrates, we would advise that our product should be tested by the user to establish suitability for its intended application. E &OE.
